

AMSN WELDING CLOTHS

AMSN Welding Cloths are 100% fiberglass fabrics woven from texturized fiberglass yarns manufactured so that the finished fabric is flexible, durable, and will not support flame or combustion.

AMSN Welding Cloths offer an inexpensive solution for welding curtains, drop cloths, equipment covers, stress relief blankets, aprons, gloves, and other industrial safety garments.

AMSN Welding Cloth is available in plain, stainless steel wire inserted, aluminized, tacky cloth, dyed orange or silicone / neoprene coated finishes.

AMSN Welding Cloths are available in a variety of pre fabricated welding blanket with sewn hems and gromments.
