

AMSN SILICA CLOTH

AMSN Silica Cloth is a ceramic free high temperature fabric that offers protection to 3000F (1632OC).

AMSN Silica Cloth applications include welding / drop cloths, stress relief blankets, cable tray covers, fire curtains and personnel / equipment protection.

These fabrics are a maximum of 98% alumina silica content, offer excellent chemical resistance, flexibility and excellent thermal characteristics. Industrial grades are available with slightly lower alumina silica content.

AMSN Silica Cloth can be silicone coated, aluminized, treated for abrasion resistance or pre shrunk. Standard materials are vermiculite coated.

AMSN Silica Products are also available in tape, tubing, rope and matting.

	SIL-180	SIL-360
Weight, (oz/sy)	18.0	36.0
Nominal Thickness,(in.)	0.030	0.054
Width (+/- 1")	36	36
Breaking Strength, (lb/in.)		
WARP	80	200
